The members of the Torrent Engine Co. were sorry to receive the resignation of one of their most valuable active members, Capt. Daniel Carey. This resignation was tendered due to health condition, after about fifteen years of devoted service.

He became a member of the Torrent Engine Co. Jan. 3rd, 1955, was made Lieutenant Jan. 5, 1959 and Captain on March 3, 1964, a post he filled faithfully until his resignation on Sept. 9, 1968.

The following are some of the accomplishments attributed to his ability to envision the needs of the future, and his perseverance in making them a reality; – Planned the first tank trucks in 1964; Started the Red Phone System in Boscawen in 1964; Supervised the replacement of the tank on the Tank Truck in 1968.

He was driver of the Fire Truck in response to 102 still alarms and 172 box alarms. He has been made an Honorary Member and his interest is still with the Fire Co. and its efficiency. His continued cooperation and aid in planning is of great help to the Company.

BOSCAWEN PUBLIC LIBRARY

"My books are friends that never fail me."

— Thomas Carlyle

During the past year several meetings were held by the Library Trustees.

The annual gift from the Thornton Fund was received for the purchase of children's books at the Branch.

Two hundred and forty-four new books were purchased last year, also two replacement volumes of New Hampshire revised statutes.

New books were on display during Book Week at both the Main and Branch libraries.

The necessary repair work on the brick walk at the Main building has been completed and is a big improvement.

Some of the cabinets at the Branch have also been repaired.

Through the kindness of the Water Commissioners' the water pipe from the road to the Main library has been replaced.

The Bookmobile from the New Hampshire State Library visits both the Main and Branch library several times during the year with collections of outstanding books. The libraries also borrow many books from the State Library at the request of its readers.

Several items from the Main library were loaned to the Boscawen Historical Society during their Open House on Old Home Day.

Many out of state people visit the Main library during the summer months to get genealogical information.

Both libraries were attractively decorated for the Christmas season.

Many groups interested in town affairs use the Main building for their meetings.

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To *never* discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn —
 - a. You need a written permit from the town fire warden for *all* debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on *grass* by householders between 9.00 A. M. and 5.00 P. M.
 - c. Have equipment on hand to control the fire *before* you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

BOSCAWEN PLANNING BOARD

A serious problem of our growing town is the continuing influx of mobile homes. Because nearby towns have adopted controls of various kinds, and this town has not, mobile home families are coming to Boscawen in increasing numbers.

People who live in mobile homes are no different from people who live in conventional houses. We all work together, play together, and our children go to school together. So what's the problem? There are several, but here are two general ones to think about.

First, a large, unplanned increase of any type of living unit can result in water and sewerage problems unless properly controlled. And the Town is responsible for the environment of its citizens.

Second, lack of control for numbers and locations of mobile homes can cause economic hardship for the Town as a whole, including mobile home owners. For example, page 32 of the General Plan of the Town shows that in 1964 there were 80 mobile homes representing 13% of all housing units in the town. By April 1, 1968, there were 138 mobile homes, which was 19% of all housing units. We estimate that by November 15th, there were 158 mobile homes, comprising 21% of all housing units.

In 1968 the average tax paid on a mobile home was \$172.75. Continued lack of controls can only result in a further strain on Town services, and in possible health hazards to the new residents. For this reason the Planning Board has cooperated with the Selectmen in a study of possible remedies. We recommend adoption of a Mobile Home Ordinance.

Taxes on Kostandin property	319.80

The Laughy bill of \$204.11 was contracted before the Court ruled that Boscawen was responsible. The second bill \$193.74 was given to the Attorney General by the N. H. Division of Welfare. He ruled that Boscawen would have to pay it.

In the fall of '67 the State Welfare sent me a list of winter clothing for these children. I checked it over and refused to O.K. as I thought it excessive. We had recently purchased nearly \$200 worth of clothing for them. However the State Welfare purchased the items, sent the bill to the Attorney General who ruled that Boscawen would have to pay.

Distribution of Surplus Food

The Distribution of Surplus Food to needy families in the Town of Boscawen has increased tremendously in the past five years as you can see from the following figures.

For the year 1964	 103 Families	467 Persons	9,461 lbs.
For the year 1965	 138 Families	624 Persons	11,355 lbs.
For the year 1966	 146 Families	664 Persons	11,345 lbs.
For the year 1967	 165 Families	681 Persons	11,498 lbs.
For the year 1968	 169 Families	837 Persons	14,704 lbs.
For the <i>month of Jan. 1969</i>	18 Families — 91 Persons — 1653 lbs.		

For the past few years this food has cost the Town of Boscawen nothing, in fact, I believe it has saved the town money. Quite a few families I think would have applied for help if it were not for these monthly deliveries.

I pick the food up at the Merrimack County Home and deliver it to the different homes in upper and lower Boscawen.

COMMISSIONERS REPORT

Operation of the new pumping station facilities was started in July and our troubles began shortly after. Due to increased pressure on the 10" line from Champagnes to junction of Raymond Road we had several breaks.

This all happened at a time when Mr. Knowlton was just getting out of the hospital, which caused us quite a bit of trouble. When we became aware of the fact that Mr. Knowlton could no longer carry on the responsibility of the water works, we came to an agreement with the Selectmen and appointed Harvey Hollins Superintendent of the Water works.

Through many trials and errors we finally got the station going properly. We regret that the residents of Water Street were plagued with dirty water, air in the water, and at times no water at all.

There is still some work to do on the regulating valve at the junction of Water Street and Raymond Road, which will require shutting off the water for about five hours.

We have installed a new 8" main through Raymond Road to Goodhue Road and installed 2 new hydrants.

Our program for this year is to replace a troublesome plastic pipe on Martin Ave. with 6" transite to complete loop to Jackson Street.

We also plan an 8" line from Water Street to Corn Hill Road to complete a loop that will allow us to decrease pressure at pump station.

We are pumping about 500,000 gallons a day through the winter months. From July 1, 1968 to January 1, 1969 we pumped 98,703,300 gallons.

The new construction projects — Pumping Station and New Main, have not been fully accepted by the precinct. When the projects are completed and final payments made to the contractor, the appropriate amounts will be taken out of the "New Construction" account and applied to the individual Asset accounts on the Balance Sheet.
